Popular Japanese Amusement.
We of the western world "hop the loop" and "shoot the chutes" in our amusement parks; but in Japan the people indulge in more gentle forms of amusement. One of their most thrilling rides is across Tokyo bay in an aerial railway.

The cars hang on stout cables that are stretched across the bay and they are operated by a motorman who stands in front. The cars are made so that they will float, in case of accident.—Popular Science Monthly.

Champion Pig State.

It may be surprising to many easterners to learn from the census that Iowa is the champion pig state, with a count of 7,894,304. The second in rank, Illinois, falls to around 4,000,000, while the 3,000,000 class includes only Missouri, Indiana, Nebraska and Ohio. Kansas, which used to boast of its great droves, now has fewer than 2,000,000, a drop since 1910 from 3,000,000. The Sunflower farmers have recently been going in strong for wheat or oats, in preference to corn, the great pig food.—Providence Journal.

NOTED MEN MAKE PLEA FOR RED CROSS

That the American Red Cross is a non-sectarian and non-political organization is evident from the many letters received in Washington recently from men of national and international prominence, congratulating the new Chairman of the Red Cross Central Committee, Judge John Barton Payne, on his appointment to the head of the organization. Messages were received from President Harding, Vice-President Coolidge, General John J. Pershing, Chief Justice of the United States William Howard Taft, Secretary of State Charles E. Hughes, His Eminence Cardinal Dougherty, the Surgeon General of the Army General M. W. Ireland, Secretary Denby of the Navy, from Bishop William F. McDowell of the Methodist Episcopal Church, the Polish Minister, Prince Casimir Lubomirski, His Eminence Cardinal O'Connell, Secretary of Commerce Herbert Hoover, Right Reverend Bishop Daniel S. Tuttle Presiding Bishop of the Episcopal Church in America, Kathleen Booth of the Salvation Army, Secretary of Labor James A. Davis, Secretary Andrew W. Mellon of the Treasury, Rabbi Stephen S. Wise of New York, and from others of equal note. Letters from Cardinals Dougherty and O'Connell follow:

"His Excellency, the President of the United States, having declared by proclamation that the Annual Membership Roll Call of the American Red Cross shall begin on Armistice Day and continue until November 24th, I deem it a duty to exhort all our citizens to enroll themselves in this admirable organization, which, for many years past, and especially during the World War, has rendered to mankind such noble services and benefactions.

"In times of peace, it has come to the rescue of the victims of pestilence, famine, fire, floods, and other great calamities; and it strives to devise and carry on measures for preventing the causes of suffering.

"In war, it has been a medium of communication between the American people and their Army and Navy; and it has cared for the sick and wounded throughout the world, irrespective of race and creed.

"I bespeak for it a wide membership.

(Signed)
D. CARD. DOUGHERTY,
Archbishop of Philadelphia.

"The American Red Cross is an organization of which our country is justly proud. It is dedicated to a noble purpose, the alleviation of suffering mankind, and the story of its achievements speaks for itself.

"In order that this organization may continue faithful service and bring assistance to suffering humanity in the various crises which arise from time to time, it needs constant encouragement and support.

"It has ever been the just and proud boast of America that she has never been wanting in generosity in any need, and I am confident that American citizens will not fail to respond as they have in the past to help the Red Cross to continue its ministrations to the unfortunate and suffering.

(Signed)
W. CARD. O'CONNELL."

KANSAS JUNIORS DOING BIG COMMUNITY WORK

The Junior Red Cross of Republic County, Kansas, has been especially active during the last year in organizing classes conducted under the Junior plan, such as health work in the schools, patriotic program, community play, making of toys and hospital supplies, civic training, making of Easter cards and equipment, and preparing hot lunches for school children.

JUNIOR RED CROSS GIVES SCHOOLS TO ITALIAN CHILDREN

First Farm School in Italy Supported by American Boys and Girls.

The Junior American Red Cross is responsible for the pioneer foreign school of Italy. This school is located in the province of Umbria, not very far from Rome, and is housed in a historic building consecrated in ancient times by St. Francis d'Assisi. In this school Italy is trying its first experiment in student government as a means of training the children of that nation in the duties and responsibilities of citizenship. The success is not yet assured, but the experiment is attracting nation-wide interest and has brought much renown to the Junior Red Cross of America.

When the army of Austria first over-ran Italy in the fall of 1917, many school teachers fled to the South with their pupils. One of these, who had taught in a boys' school and had managed to bring his entire class through to safety, planned the farm school, which is known as the Collestada School. Officials of the American Red Cross aided in the selection of the site, a huge, well-proportioned old hospital, where, years ago St. Francis d'Assisi used to visit the sick. The Junior Red Cross of America provided the means for supporting these Italian children who were orphaned by war, and in recognition of this fact an inscription was placed over the door as follows:

"The Junior American Red Cross restored this historic building, consecrated in ancient times by St. Francis, and it is now the home of the Italian children orphaned during the war."

The boys in this farm school all work together for the common good. They apportion the work among themselves, have a school president, whom they elect by popular vote, and have a regular disciplinary code and a board of discipline, members of which are appointed by the school as a whole. This board decides the punishment to be given offenders against the school's laws.

With the aid of their teacher in mathematics, the boy farmers keep their own accounts. Under the guidance of their other teachers they cultivate the school's lands, raise chickens, turkeys, rabbits and bees, and with the surplus of the proceeds of their farms they support other orphans like themselves who wish to join the colony.

There now are fifty boys in the school, and other schools in Italy are trying out in a more or less complete way the co-operative system in use in the Collestada School.

TEACHING PUBLIC TO PROTECT ITSELF FROM ACCIDENT

The American Red Cross is engaged at present on a campaign to teach accident prevention and first-aid-to-the-injured to the men, women and children in the United States, with the idea of making every individual his own first-aid agency in case of emergency, and to create volunteer forces of men qualified for such duty in case of war, if war should come again to this country.

Classes in swimming and water life-saving methods have been organized wherever Chapters are near enough to bodies of water of sufficient size to permit such classes. In industrial communities industrial first-aid and life-saving is taught in factories and in community centers. Good results have been obtained everywhere thus far, although the work still is more or less in its infancy. This is one of the interesting lines of activity followed in the community center work of the Red Cross.

Answer "present" during the Fifth Annual Red Cross Roll Call, Armistice Day to Thanksgiving Eve.

TEXAS RED CROSS WORKER AIDS THE MEXICANS

The American Red Cross has extended its work beyond the Mexican border, according to information recently received at the headquarters of the Southwestern Division, American Red Cross, at St. Louis. Nine Mexican civilian families left destitute in a recent cloudburst near Eagle Pass, Tex., were assisted by a volunteer Red Cross worker belonging to the Eagle Pass Red Cross Chapter. This volunteer worker was able, through her intimate knowledge of Spanish to render material and worthwhile assistance to many who were in dire need.

Red Cross Fifth Annual Roll Call, Armistice Day to the eve of Thanksgiving.
